

**§ 115.314**

**28 CFR Ch. I (7–1–12 Edition)**

**§ 115.314 [Reserved]**

**§ 115.315 Limits to cross-gender viewing and searches.**

(a) The facility shall not conduct cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners.

(b) The agency shall not conduct cross-gender pat-down searches except in exigent circumstances.

(c) The facility shall document and justify all cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches.

(d) The facility shall implement policies and procedures that enable residents to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering a resident housing unit. In facilities (such as group homes) that do not contain discrete housing units, staff of the opposite gender shall be required to announce their presence when entering an area where residents are likely to be showering, performing bodily functions, or changing clothing.

(e) The facility shall not search or physically examine a transgender or intersex resident for the sole purpose of determining the resident's genital status. If the resident's genital status is unknown, it may be determined during conversations with the resident, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner.

(f) The agency shall train security staff in how to conduct cross-gender pat-down searches, and searches of transgender and intersex residents, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.

**§ 115.316 Residents with disabilities and residents who are limited English proficient.**

(a) The agency shall take appropriate steps to ensure that residents with disabilities (including, for example, residents who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Such steps shall include, when necessary to ensure effective communication with residents who are deaf or hard of hearing, providing access to interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. In addition, the agency shall ensure that written materials are provided in formats or through methods that ensure effective communication with residents with disabilities, including residents who have intellectual disabilities, limited reading skills, or who are blind or have low vision. An agency is not required to take actions that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens, as those terms are used in regulations promulgated under title II of the Americans With Disabilities Act, 28 CFR 35.164.

(b) The agency shall take reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment to residents who are limited English proficient, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary.

(c) The agency shall not rely on resident interpreters, resident readers, or other types of resident assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the resident's safety, the performance of first-response duties under § 115.364, or
